

PROFILE: KEYNOTE SPEAKER

Educational Facilities—Preparing for Natural Disasters

Don Guckert serves the University of Iowa (UI) as associate vice president for facilities management, responsible for master planning, space planning and utilization, design and construction, utilities production and distribution, energy management, custodial services, landscape operations, maintenance, and UI's Office of Sustainability. Prior to joining UI in 2003, Don was director of planning, design and construction for the University of Missouri. He has more than 30 years of experience in higher-education facilities management and an additional 10 years of construction industry experience. Don is a licensed professional engineer and earned a master's degree in engineering management and bachelor's degrees in engineering and liberal arts and sciences from Penn State. Don serves on the Professional Development committee as the representative for APPA's Institute for Facilities Management. He has been a faculty member of the Institute since 1993, and its dean of Planning, Design, and Construction since 1998. He has presented at annual meetings for MAPP, CAPP, RMA, PCAPP, VAPP, Big Ten and Friends, Big 12 and Friends, ACUHO-I, SCUP, and NACUBO. He also has presented at local and regional meetings for various construction and design groups (CSI, DBIA, AGC, AIA), and the Missouri Bar Association.
